August 2007

Dear Business Owner/Operator:

Enclosed is your "**Annual Business Authorization/Permit**" for fiscal year **2007/2008**.

The Hazardous Materials Programs is required to issue a Certified Unified Facility Permit to all regulated businesses within our jurisdiction. The enclosed document is intended to meet this requirement and is based on information submitted to this office. The Annual Business Authorization/Permit is the summary document that indicates which of the six CUPA programs pertains to your business.

State law requires businesses, which operate underground storage tanks (UST), to have a specific permit for their USTs. *If applicable*, an "**Underground Storage Tank Operating Permit**" is enclosed. **It is the responsibility of each facility operator to forward a complete copy, (ALL PAGES), of this permit to the tank owner if the tank owner is not the same as the facility operator.** The original permit must be retained at the site of the tanks.

Contra Costa Health Services-Hazardous Materials Programs is the Certified Unified Program Agency (CUPA) for Contra Costa County. Legal authority establishing this agency as the CUPA is found in the California Health and Safety Code Chapter 6.11 and the California Code of Regulations, Title 27, Division 1.

If there are any discrepancies or errors in these documents please contact us at:
(925) 646-2286 (8:00 a.m. to 5:00 p.m., Monday-Friday).

Sincerely,

Randall L. Sawyer, Director
Hazardous Materials Programs
