EOC 0004 ~ Introduction to the Incident Command System (ICS)

Course Syllabus

Subject Category: Emergency Operations Center

Course Length: 3.5 hours

Schedule: Quarterly

Location/Time: Building 48/Room 109

Retraining/Recertification: None, recommended annually

Course Prerequisite: None

Medical Approval: None

Course Purpose: Designed for LBNL employees who would be responding to a disaster or emergency situation. The class will cover National Incident Management System (NIMS), State of California's Standardized Emergency Management System (SEMS) and Incident Command System (ICS) concepts and principals.

This course meets the Federal Emergency Management Agency (FEMA), Emergency Management Institute's (EMI) Independent Student Course, IS-100: Introduction to Incident Command System.

Course Objectives:

- To familiarize LBNL employees with their responsibilities during an emergency situation
- To provide training and resources to successfully respond to an emergency, and transition into recovery.
- To provide instruction to bring executives in compliance with SEMS and NIMS.

Training Compliance Requirements: Yes

Instructors: Genevieve Pastor-Cohen x 7033; Dan Lunsford x 6016;
Emergency Preparedness Coordinator x 7032

Course Instructional Materials:

- PowerPoint slide presentation
- Tapes and other material will vary with presentation.

Course Participation Hand-outs: As appropriate to material covered.

Participant Evaluation: Written critiques of trainer, training and materials.

Written or Practical Exam: Yes.

Web Resource: Guidance documents available on Emergency Services web page: <http://ehswprod.lbl.gov/ep>
